25X1	4. reported on the status of the UGF drive and	v
	advised that the drive has resulted in about 1/3 of the goal	-4
	accomplished which, as he stated, is on a par with the previous	
25X1	drives. remarked that the DD/I component was ahead	
20/(1	in the total amount of collections and that the results of the PSAS	
	drive to date have exceeded the amount collected last year at this	6
	particular time. He expects the PSAS drive to exceed last year's	
	goal. The total amount collected to date in the PSAS drive is \$5,030.	t
